### Subpart C—International Lending

# § 347.301 Purpose, authority, and scope.

Under the International Lending Supervision Act of 1983 (Title IX, Pub. L. 98–181, 97 Stat. 1153) (12 U.S.C. 3901 et seq.) (ILSA), the Federal Deposit Insurance Corporation prescribes the regula-

tions in this subpart relating to international lending activities of banks.

#### § 347.302 Definitions.

For the purposes of this subpart:

- (a) Administrative cost means those costs which are specifically identified with negotiating, processing and consummating the loan. These costs include, but are not necessarily limited to: legal fees; costs of preparing and processing loan documents; and an allocable portion of salaries and related benefits of employees engaged in the international lending function. No portion of supervisory and administrative expenses or other indirect expenses such as occupancy and other similar overhead costs shall be included.
- (b) Banking institution means an insured state nonmember bank.
- (c) Federal banking agencies means the Board of Governors of the Federal Reserve System, the Office of the Comptroller of the Currency, and the Federal Deposit Insurance Corporation.
- (d) International assets means those assets required to be included in banking institutions' "Country Exposure Report" form (FFIEC No. 009).
- (e) International loan means a loan as defined in the instructions to the "Report of Condition and Income" for the respective banking institution (FFIEC Nos. 031, 032, 033 and 034) and made to a foreign government, or to an individual, a corporation, or other entity not a citizen of, resident in, or organized or incorporated in the United States.
- (f) Restructured international loan means a loan that meets the following criteria:
- (1) The borrower is unable to service the existing loan according to its terms and is a resident of a foreign country in which there is a generalized inability of public and private sector obligors to meet their external debt obligations on a timely basis because of a lack of, or restraints on the availability of, needed foreign exchange in the country; and
  - (2) Either:
- (i) The terms of the existing loan are amended to reduce stated interest or extend the schedule of payments; or
- (ii) A new loan is made to, or for the benefit of, the borrower, enabling the

borrower to service or refinance the existing debt.

(g) Transfer risk means the possibility that an asset cannot be serviced in the currency of payment because of a lack of, or restraints on the availability of, needed foreign exchange in the country of the obligor.

## § 347.303 Allocated transfer risk reserve.

- (a) Establishment of Allocated Transfer Risk Reserve. A banking institution shall establish an allocated transfer risk reserve (ATRR) for specified international assets when required by the FDIC in accordance with this section.
- (b) Procedures and standards—(1) Joint agency determination. At least annually, the federal banking agencies shall determine jointly, based on the standards set forth in paragraph (b)(2) of this section, the following:
- (i) Which international assets subject to transfer risk warrant establishment of an ATRR:
- (ii) The amount of the ATRR for the specified assets; and
- (iii) Whether an ATRR established for specified assets may be reduced.
- (2) Standards for requiring ATRR—(i) Evaluation of assets. The federal banking agencies shall apply the following criteria in determining whether an ATRR is required for particular international assets:
- (A) Whether the quality of a banking institution's assets has been impaired by a protracted inability of public or private obligors in a foreign country to make payments on their external indebtedness as indicated by such factors, among others, as whether:
- (1) Such obligors have failed to make full interest payments on external indebtedness; or
- (2) Such obligors have failed to comply with the terms of any restructured indebtedness; or
- (3) A foreign country has failed to comply with any International Monetary Fund or other suitable adjustment program; or
- (B) Whether no definite prospects exist for the orderly restoration of debt service.
- (ii) Determination of amount of ATRR.(A) In determining the amount of the

- ATRR, the federal banking agencies shall consider:
- (1) The length of time the quality of the asset has been impaired;
- (2) Recent actions taken to restore debt service capability;
- (3) Prospects for restored asset quality; and
- (4) Such other factors as the federal banking agencies may consider relevant to the quality of the asset.
- (B) The initial year's provision for the ATRR shall be ten percent of the principal amount of each specified international asset, or such greater or lesser percentage determined by the federal banking agencies. Additional provision, if any, for the ATRR in subsequent years shall be fifteen percent of the principal amount of each specified international asset, or such greater or lesser percentage determined by the federal banking agencies.
- (3) FDIC notification. Based on the joint agency determinations under paragraph (b)(1) of this section, the FDIC shall notify each banking institution holding assets subject to an ATRR:
- (i) Of the amount of the ATRR to be established by the institution for specified international assets; and
- (ii) That an ATRR established for specified assets may be reduced.
- (c) Accounting treatment of ATRR—(1) Charge to current income. A banking institution shall establish an ATRR by a charge to current income and the amounts so charged shall not be included in the banking institution's capital or surplus.
- (2) Separate accounting. A banking institution shall account for an ATRR separately from the Allowance for Loan and Lease Losses, and shall deduct the ATRR from "gross loans and leases" to arrive at "net loans and leases." The ATRR must be established for each asset subject to the ATRR in the percentage amount specified.
- (3) Consolidation. A banking institution shall establish an ATRR, as required, on a consolidated basis. For banks, consolidation should be in accordance with the procedures and tests of significance set forth in the instructions for preparation of Consolidated Reports of Condition and Income (FFIEC Nos. 031, 032, 033 and 034).
